

Stay Healthy at Halloween

Halloween might be a bit different this year, but we can still make it fun for the kids! Instead of trick or treating door-to-door, why not draw a pumpkin to put up in a window the weekend before, and children can do a half term Pumpkin Trail around the village? A bit like spotting all the rainbows during lockdown.

Parents can reward each pumpkin found with a sweet.

Rumour has it, Barry and Stella might be getting involved too....
